### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The examiner agrees with those arguments presented by applicant on 4/9/07.
2. In particular, the examiner agrees the prior art fails to teach the specific aromatic compounds now required by the instant claims. The prior art fails to teach the substitution of one of the phenyl groups with either the t-butyl group or the isopropyl group. This in combination with the carbon dioxide refrigerant was not found in the prior art of record. Nor would it have been obvious to have modified these references to obtain this specific combination of materials.
3. As such, claims 1-16, and 18-22 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Douglass McGinty can be reached on (571)272-1029. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
